

# BRYAN LENTZ

FOR STATE HOUSE

Dear Nether Providence Democrat,

I am writing to you today to ask you to support Patricia Tillson who is running for commissioner in the 6<sup>th</sup> Ward on the Democratic ticket. Pat is a lifelong Democrat and currently serves as your committee person. In addition to her committee work she is on the Nether Providence Township Planning Commission where she reviews development and sub-division plans, creates new ordinances or revises existing ones and was involved in the recent revision of the Multi-Municipal Plan.

Local races are important since they determine who will be making decisions about the community, setting budgets and establishing priorities. We are fortunate to have good candidates running this fall. I hope you will make every effort to vote on November 3<sup>rd</sup>.

Sincerely,

Bryan R. Lentz  
State Representative  
161<sup>st</sup> Legislative District
